Locate who is the Darakaraka planet. If you do not know about Darakaraka, it is a Jaimini Concept where the planet which is having the Lowest degree is considered as Darakaraka Planet. It is very important for Marriage time prediction.

Second Step

Now For understanding the Marriage Timing in Astrology, We have to see whether the person is having any kind of Yogas for Delay in marriage or Not. If the Saturn afflicts the 7th house and 7th Lord of birth chart or Navamsa or if the 8th lord afflicts the 7th house or 7th Lord in your birth chart or Navamsa chart, It can delay your Marriage. Even Higher Affliction can also deny Marriage and person may not get Married in entire Life.
