We, Astrologers, often face this question from the unmarried girls " who will be my husband according to astrology or how to know about my future husband through astrology".

Mars is the significator of Boy Friend in case of female and Jupiter is the significator of Husband in Vedic astrology. So if Jupiter influences the 7th house or 7th lord, it is very beneficial. The husband will be man of good quality, wise, well educated and spiritually inclined. Jupiter in 8th house is also not bad if there is no other affliction. 8th house is called the mangalsthan or the longevity of husband. For example Mars is placed in Aries sign in a female chart and if that women meets a man who has Venus in Aries, both of them will create bonding very easily and will be attracted to each other. The Moon Sign and Ascendant also plays a role here. The Moon sign of a person if matches with Ascendant sign of another person, they can be attracted. Future husband prediction with astrology is a very difficult task and needs complete checking of Horoscopes.
