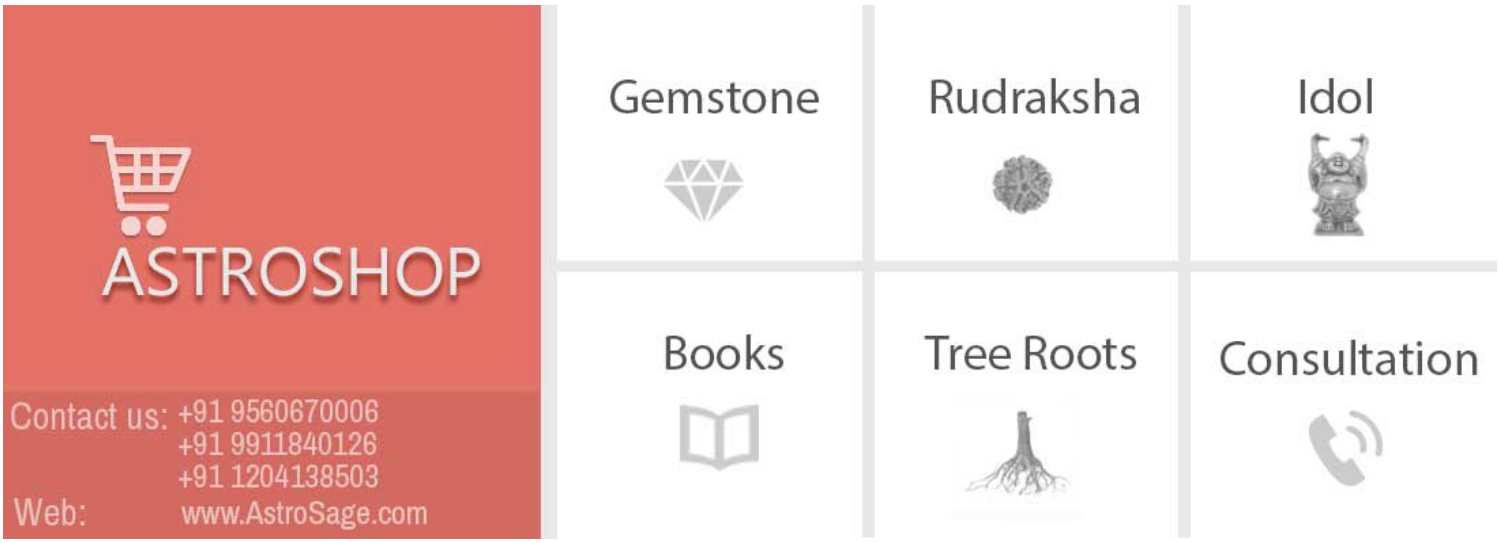
You are a sensitive and emotional person. The hard knocks of this world have more effects on you than they have on most other people, and you lose some of the enjoyment of life in consequence. What other people say and think of you is taken by you to heart. Thus, there are a certain number of things which cause you unhappiness which, after all, are not worth troubling about.Your manner is quiet, as a rule, and this quality gives you the appearance of being strong and determined in the eyes of your fellow-men and women. It enables you to get your own way when you want it.You do not say as much as you think and while you are thinking, you are reasoning. It follows that your judgement is worth having and people will flock to you for advice.You have several excellent qualities. You are highly sympathetic, which makes you a good friend. You are loyal and patriotic and are thus a first class citizen. You are, or would be a most lovable parent. You are, or would be, everything that your partner could desire. Clearly, the good qualities of yours far outweigh the others.

Happiness And Fulfillment

You are having the feelings of confidence and optimism. You always feel that things will turn out well and have the ability to make this come to pass. Extremely kind and tolerant of others, you are also very practical, and can gain complete understanding of total concepts from the most minor detail. You have faith and a philosophical attitude toward life which helps you through many trials and gives you the greatest potential for achieving happiness.

Life Style

Children will give you tremendous motivation to set goals and accomplish them. You feel a responsibility to them and must not let them down. Use this motivating factor to its fullest, but be sure that your are doing what you want to do and not directing your efforts in an area which you do not like just because of your sense of responsibility.



|| Life Predictions ||

Career

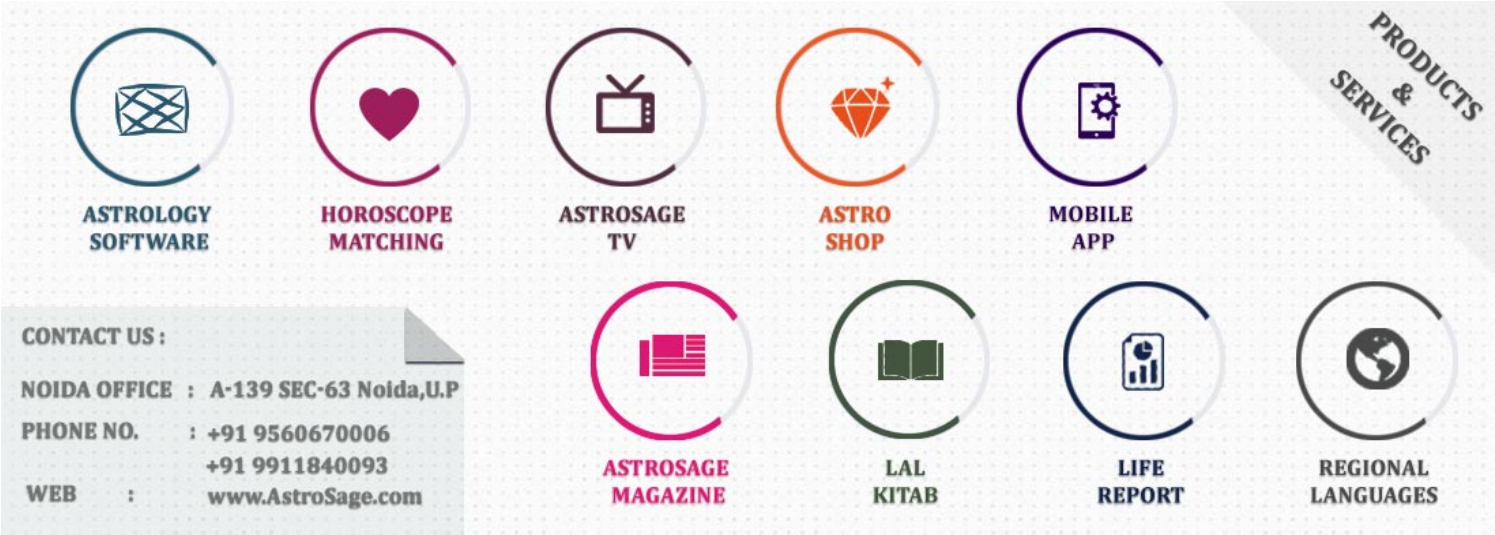
You love competition and new ventures and thus are prone to change your career often. You should choose a career which allows you diversity in work and an opportunity for advancement, therefore discouraging you from floating from job to job.

Occupation

Whatever you turn to, you will engage in with all your might - one at a time. Then, if monotony or routine plays a large part in the chosen occupation, you will become restless and look for a complete change. Accordingly, you must see to it that, at the outset, you choose a form of work possessing plenty of variety. You should think of nothing that keeps you seated in an office, since you need movement. There is much in a commercial traveller's work that will appeal to you. But, there are thousands of jobs, which will take you from place to place and where you will constantly seeing fresh faces, that will be suited to your requirements also. You have an excellent executive ability which fits you for ruling you own right after you reach the age of 35. Moreover, at about this time, you become unfitted for serving under others.

Health

You put a high price on your comforts. As an outcome of this trait, you are something of a gourmet and enjoy your food. In fact, you do not eat to live but, rather, live to eat. It is not surprising, then, to find that your digestive apparatus will be the portion of your body which will give you the most concern. Do not neglect such ailments as indigestion and, when they come, do not try to cure them by means of drugs. Take moderate exercise such as walking and mild physical jerks. Breathe plenty of fresh air, put yourself on a rational diet and eat fruit. However, if it prolongs you must visit a doctor. After fifty years of age, beware of inertia. You will be apt to give up this and that, and grow into an individual who loses his hold on life. Keep up your interest in things, develop your hobbies and remember that nobody can grow old if they mix with younger people than themselves.



|| Life Predictions ||

Hobbies

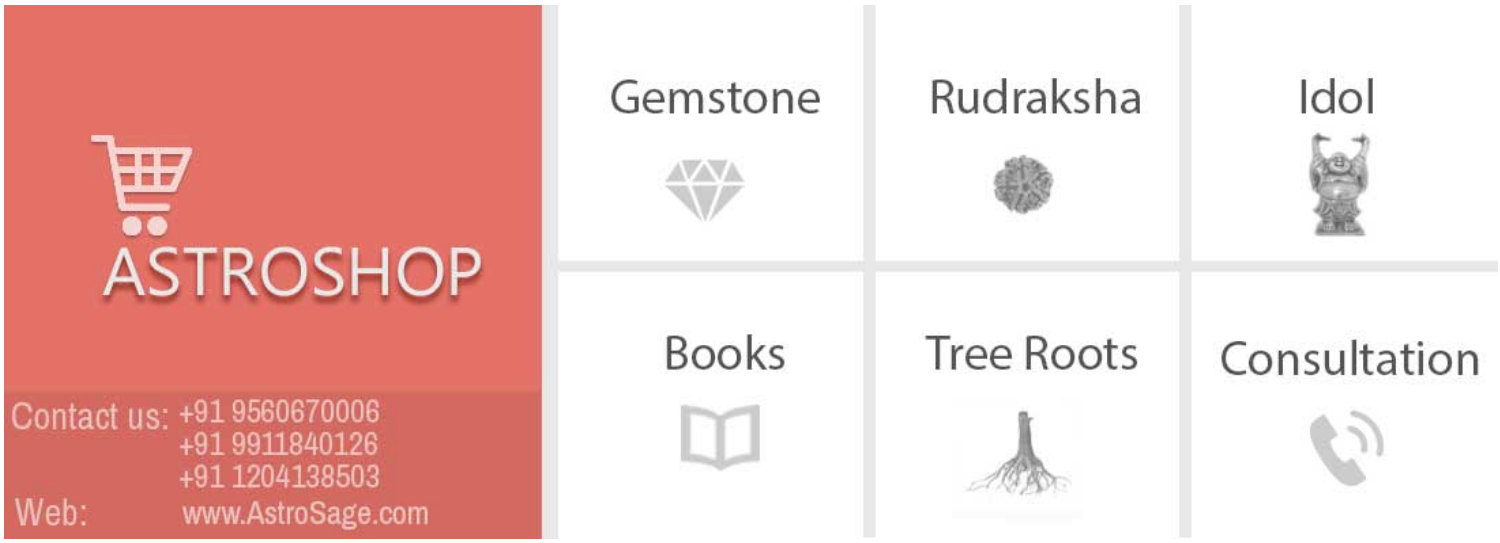
Your leisure moments must be spent in a manner fitting to your temperament. Seeing that you value refinement and comforts, you do not care for rough or strenuous games. You like the company of others and you seek the bright-spots of life. Card-playing, probably, tempts you, but it has no attractions unless money stakes are involved. And, here, it may be well to warn you against gambling. If allowed, it might take a strong hold on you.

Love Matters

You need love as much as food. You are capable of deep affection and make excellent partner. You must guard against marrying someone with a lower status than yours because you lack just the toleration required for making such a union success. You are a true charmer, have excellent taste and tend to seek contact with artistic people.

Finance

In matters of money, you will be lucky during the early years of your life, but due to your own extravagance and lack of provision for the future, there will be grave danger of your finding yourself in an impoverished condition long before the end of your days. You cannot be too prudent in the matter of finance. You will not be really fitted for money grubbling in any of its forms. You belong more to the mental, intellectual plane and will care little about wealth if you can only have enough for your immediate wants. You belong to the hopeful class of individuals who are rather inclined to live in dreams.



|| Manglik Details / Mangal Dosha ||

Generally Manglik Dosha is considered from the position of Lagna and Moon in the birth chart.

In the birth chart, Mangal is placed in Second house from Lagna, while in the Moon chart Mangal is placed in Tenth house.

Hence Mangal Dosha is present neither in Lagna Chart nor in Moon Chart.

Mangal Dosha is considered to create hurdles in the married life of a person. According to some, Mangal Dosha results in frequent illness or ultimately death of partner(s).

It is considered that if a manglik person marries to another manglik person then the manglik dosha gets cancelled and has no effect.

2.Worship Lord Hanuman by reciting Hanuman Chalisa daily.

|| Shadbala and Bhavabala – Strength Calculations ||

Shadbala is a method in Vedic astrology that gives quick insight in the strength of planets and the houses. Sanskrit means 'Six' and hence Shadbala consists of 6 different sources of strength. Shadbala calculation is a laborious process but thanks to computers one can get these strength calcualtions by just one mouse click. Shadbala method gives a value to each planet and each house. The more points a planet and a house gets in Shadbala the stronger it is.
