What is Darakaraka Planet

Darakaraka is the Planet which gets the Lowest Degree in Horoscope. It represents our spouse in Kundali. This is a Unique Process to Predict about your Spouse or Life Partner. It is a completely Different technique than the widely used traditional process.

The Darakaraka shows the atma of the partner. It shows what type of soul the person has and issues related to that level. It has nothing to do with female or male because even male planet can become darakarak in a male's chart.

Analysis of Marriage With Jaimini Astrology

Vedic Astrology has Many Branch and Many Technique to Analyse Horoscope. Parashari Technique and Jaimini Astrology are two most prominent Branch of Astrology. Maharshi Jaimini Had taught us about this Branch of Astrology and that is why it is known as Jaimini Astrology.

In Vedic Astrology, There are Two types of Karakas-Naisargik Karaka or fixed Karaka and Chara Karaka or dynamic Karaka.

In case of Sthira Karaka or Fixed Karaka the significators are fixed like Sun is the Karaka for Soul, Moon is the Karaka for Mind, Venus is Karaka for marriage and Spouse etc. But in case of Chara Karaka, these significators changes in each Horoscope. Like the planet which is having highest degree is Called Atmakaraka, the next highest degree planet is known as Amatya Karaka etc.

There are total 7 Chara Karakas –

1-Atmakaraka- Significator of Soul.
2-Amatyakaraka- Significator of Profession and Status
3 Bhatrukaraka- Significator of Sibling, Courage and Hard work.
4 Matrukaraka- Significator of Mother, Education, Home etc.
5- Putrakaraka- Significator of Child, Intelligence etc.
6 Ganti Karaka- Significator of Enemies, Disease and Relatives
7. Darakaraka- Significator of Spouse.

In these Karaka, Rahu and Ketu are not considered. Though Some people Use them. But I do not use them in my Analysis and I will also Suggest my readers to Stick to 7 Karakas only.

When Different Planets become Darakaraka (DK), spouse nature can be according to that planet only.

Now Lets Discuss the Effects of Each and Every individual.
